

## Rocket Science

(Cohen/Gray)

Rocket on the launch pad  
Engines roar  
Burning fuel

Power  
Pushes downward  
So that rocket  
Gets pushed up

Just like  
When your legs get pumping  
Push against the ground  
Bouncing up you're jumping  
That's the energy  
Gets rockets going flying free

Rock Rock Rocket Science  
Rock Rock Rocket Science  
The Science of Rockets  
The Science of Rockets

Rock Rock Rocket Science  
Rock Rock Rocket Science  
The Science of Rockets  
The Science of Rockets

Rocket Science

Rocket on the launch pad  
Counting down  
Lifting off

Up up  
The rocket's really soaring  
Racing into space  
Searching and exploring  
And whatcha need  
To get that rocket up to speed?

Rock Rock Rocket Science
