

# Space Racers Theme Song

*(David Steven Cohen/Jody Gray/Allan Neuwirth)*

Once upon a future time  
In a place called Stardust Bay  
Counting down to adventure now  
Rockets on a mission  
We're on our way

Space Racers  
Surfing the solar wind  
Space Racers  
Together the fun begins

Way out where the planets, moons  
and stars all shimmer shine,  
Having a great time exploring

Space Racers!

Starling: Hey, wait for me!
